

## Northampton School for Boys 16-19 Tuition Fund Statement

The 16 to 19 tuition fund is £96 million of one-off funding for the 2020 to 2021 academic year only. It is ring fenced funding for schools, colleges and all other 16 to 19 providers to mitigate the disruption to learning arising from coronavirus (COVID-19).

The funding is being provided to support small group tuition for 16 to 19 students in English, maths, and other courses where learning has been disrupted.

Providers should prioritise support for students who have not achieved a grade 4 in English and/or maths. However, further to those students, if providers have funding available within their allocations they should consider whether any young people with a grade 4 also need catch up support. Providers should prioritise students that will benefit most from small group tuition, based on the criteria above. Providers should also have regard to the needs of students with special educational needs and disabilities (SEND), particularly where they have experienced additional disruption to learning as a result of their specific needs and disabilities.

All providers, as a condition of the receipt of this funding must:

- produce a concise statement explaining how they will use this funding in line with our guidance to prioritise support for disadvantaged students
- publish the statement on their website in the autumn term
- record the use of the funding, including reference to the individual students that receive the support, the needs of those students, the number of hours of tuition delivered, and retain the necessary evidence of the tuition provided
- deliver the extra tuition and spend the associated funding in the 2020 to 2021 academic year
