

Northampton School *for Boys*

Child Protection & Safeguarding Policy

Approved by: Governor Welfare Committee

Date: September 2020

Review Date: September 2021

CHILD PROTECTION & SAFEGUARDING POLICY

The protection of students from harm is a responsibility shared between Statutory and Voluntary agencies with the principles established by the Children Act 1989 and Children Act 2004 and Keeping Children safe in Education September 2020 being applied. Certain parts of these Acts and Statutory Guidance affect schools and details are given below:

1. The school has a statutory duty to promote and safeguard the welfare of all its students.
2. The school has a duty to protect and support any student who is subjected to suspected or proven abuse.
3. All matters involving the possibility of child abuse will be taken seriously.
4. All personnel will familiarise themselves with the types and symptoms of child abuse.
5. Staff must be in no doubt what action to take if there is any reason to believe that child abuse is or may be occurring.
6. If doubt exists as to whether or not a case falls into the child abuse sphere, advice may be obtained from the teacher designated to co-ordinate all child abuse information. The Designated Senior Leaders (DSLs) at this time are Mr M Kneeshaw & Mr C Armstrong. In Mr Kneeshaw's absence Mr C Armstrong should be contacted. The Child Protection Governor is Mrs Morcea Walker.

SPONSOR: Governors' Welfare Committee

DATE: September 2020

If you would like a copy of the full Child Protection & Safeguarding Policy and Procedures, please contact

Mr M Kneeshaw or Mr C Armstrong through the School office.

Northampton School for Boys fully recognises its responsibilities for child protection and safeguarding.

Our policy applies to all staff, governors and volunteers working in the school.

1. Principles

- The school will ensure that the welfare of children is given paramount consideration when developing and delivering all school activity
- All children, regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection
- All staff have an equal responsibility to act on any suspicion or disclosure that may suggest a child is at risk of harm in accordance with this guidance
- All pupils and staff involved in child protection issues will receive appropriate support from the senior management of the school who will follow this policy guidance in doing so

Aims

- Appropriate action is taken in a timely manner to safeguard and promote children’s welfare
- To provide all staff with the necessary information to enable them to meet their statutory responsibilities to promote and safeguard the wellbeing of children
- To ensure consistent good practice across the school
- Staff are properly trained in recognising and reporting safeguarding issues

To demonstrate the school’s commitment with regard to safeguarding children

We recognise that because of the day to day contact with students, school staff are well placed to observe the outward signs of abuse. The school will therefore:

- Establish and maintain an environment where students feel secure, are encouraged to talk, and are listened to.
- Ensure students know that there are adults in the school whom they can approach if they are worried.
- Include opportunities in Citizenship & Guidance curriculum for students to develop the skills they need to recognise and stay safe from abuse.
- Recognise that each student’s welfare is of paramount importance and that some students may be especially vulnerable to abuse e.g. those with SEND, those living in adverse circumstances etc.

2. Legislation and Guidance

This policy is based on the Department for Education’s statutory guidance, Keeping Children Safe in Education 2019 and Working Together to Safeguard Children, and the Governance

Handbook. We comply with this guidance and the procedures set out by our local safeguarding children board.

This policy is also based on the following legislation:

Maintained schools and pupil referral units insert:

- Section 175 of the Education Act 2002, which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- The School Staffing (England) Regulations 2009, which set out what must be recorded on the single central record and the requirement for at least one person on a school interview/appointment panel to be trained in safer recruitment techniques
- Part 3 of the schedule to the Education (Independent School Standards) Regulations 2014, which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school
- The Children Act 1989 (and 2004 amendment), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the Serious Crime Act 2015, which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- Statutory guidance on FGM, which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- The Rehabilitation of Offenders Act 1974, which outlines when people with criminal convictions can work with children
- Schedule 4 of the Safeguarding Vulnerable Groups Act 2006, which defines what ‘regulated activity’ is in relation to children
- Statutory guidance on the Prevent duty, which explains schools’ duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- Safeguarding Children and Safer Recruitment in Education (DFeS 2007)
- Working together to Safeguard Children (DCSF 2010)
- What to do if you are worried a child is being abused (DFeS 2006)
- The school follows the procedures established by the Northamptonshire Safeguarding Children Board; a guide to procedure and practice for all agencies in Northamptonshire working with children and their families: www.northamptonshirescb.org.uk
- This policy also complies with our funding agreement and articles of association.

We will follow the procedures set out by the Northamptonshire Safeguarding Children Board and take account of guidance issued by the Department for Education to:

- Ensure we have a designated senior leader for child protection and support team to facilitate best practice who have received appropriate training and support for this role (Mr M Kneeshaw as DSL; Mr C Armstrong as Deputy DSL and Ms I Farkas as a DSL CP coordinator; a team of DSLs and EHA coordinators).
- Ensure every member of staff (including temporary and supply staff and volunteers) and governing body know the name of the Designated Senior Leaders responsible for child protection and their role.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns to the Designated Senior Leaders responsible for child protection.
- The Governing Body access “Governors’ responsibilities for safeguarding children in Education”.

- Ensure all staff undertake full safeguarding/child protection training every 2 years; update training on a minimum yearly basis and new staff have induction training to equip them to carry out their responsibilities.
- Notify social services if there is an unexplained absence of more than two days of a student who is subject to a Child Protection Plan.
- Develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters including attendance at case conferences.
- Keep written records of concerns about students, even where there is no need to refer the matter immediately.
- Ensure all records are kept securely; separate from the main student file, and in locked locations.
- Develop and then follow procedures where an allegation is made against a member of staff or volunteer.
- Ensure safe recruitment practices are always followed.

3. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Children includes everyone under the age of 18.

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs or disabilities
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation

- Are asylum seekers

5. Roles and responsibilities

We recognise that children who are abused or witness violence may find it difficult to develop a sense of self-worth. They may feel helplessness, humiliation and some sense of blame. The school may be the only stable, secure and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn.

The school

will endeavour to support the student through:

- The content of the curriculum.
- The school ethos which promotes a positive, supportive and secure environment and gives students a sense of being valued.
- The school behaviour policy which is aimed at supporting vulnerable students in the school. The school will ensure that the student knows that some behaviour is unacceptable but they are valued and not to be blamed for any abuse which has occurred.
- Liaison with other agencies that support the pupil such as Social Services, Child and Adolescent Mental Health Service, Education Entitlement Team and Educational Psychology Service.
- Ensuring that, where a student on the child protection register leaves, their information is transferred to the new school immediately and that the child's social worker is informed.

All Staff:

All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education, and review this guidance at least annually.

All staff will be aware of:

- Our systems which support safeguarding, including the staff code of conduct, the role of the designated safeguarding lead (DSL), the behaviour policy, and the safeguarding response to children who go missing from education
- The early help process (sometimes known as Early Help Assessment) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as CSE or FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), FGM and radicalisation

Section 12 and appendix 4 of this policy outline in more detail how staff are supported to do this.

The designated safeguarding leader (DSL)

The school has nominated a senior member of staff to coordinate child protection arrangements and the DSL team and has responsibility for wider safeguarding requirements.

The current DSL is Matt Kneeshaw, Deputy Headteacher with Craig Armstrong, Assistant Headteacher as Deputy DSL and Ilona Farkas, ESD Leader as Child Protection Co-ordinator

The school has ensured that the Designated Senior Leader:

- is appropriately trained
- acts as a source of support and expertise to the school community
- has an understanding of Northamptonshire Safeguarding Children Board (NSCB) procedures
- keeps written records of all concerns when noted and reported by staff or when disclosed by a child, ensuring that such records are stored securely and reported onward in accordance with this policy guidance, but kept separately from the child's general file
- refers cases of suspected neglect and/or abuse to children's social care or police in accordance with this guidance and local procedure (see below at footnote)
- notifies children's social care if a child with a child protection plan is absent for more than two days without explanation
- ensures that when a child with a child protection plan leaves the school, their information is passed to their new school and the child's social worker is informed
- attends and/or contributes to child protection conferences in accordance with local procedure and guidance
- coordinates the school's contribution to child protection plans
- develops effective links with relevant statutory and voluntary agencies
- ensures that all staff sign to indicate that they have read and understood this policy
- ensures that the child protection policy is updated annually
- liaises with the nominated governor and head teacher (where the role is not carried out by the head teacher) as appropriate
- keeps a record of staff attendance at child protection training
- makes this policy available to parents.

The deputy designated leader(s) is/are appropriately trained and, in the absence of the designated leader, carries out those functions necessary to ensure the ongoing safety and protection of children. In the event of the long-term absence of the designated person, the deputy will assume all of the functions above.

The governing body ensures that the school has:

- A DSL for safeguarding and child protection who is a member of the senior leadership team and who has undertaken the approved NSCB training in inter-agency working, in addition to basic child protection training
- Child protection policy and procedures that are consistent with NSCB requirements, reviewed annually and made available to parents on request
- Procedures for dealing with allegations of abuse made against members of staff including allegations made against the head teacher
- Safer recruitment procedures that include the requirement for appropriate checks in line with national guidance
- A training strategy that ensures all staff, including the headmaster, receive child protection training, with refresher training at three-yearly intervals. The DSL should receive refresher training at two-yearly intervals
- Arrangements to ensure that all temporary staff and volunteers are made aware of the school's arrangements for child protection.

- The governing body nominates a member (normally the chair) to be responsible for liaising with the local authority and other agencies in the event of an allegation being made against the head teacher. An annual report will be submitted to the local authority about how the governing body's duties have been carried out. Any weaknesses or areas of concern will be rectified without delay.
- The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headmaster, where appropriate (see appendix 3).

The Headmaster

The headmaster is responsible for the implementation of this policy, including:

- Ensuring that the safeguarding and child protection policy and procedures are implemented and followed by all staff as part of their induction and through ongoing training
- Communicating this policy to parents when their child joins the school and via the school website
- Allocating sufficient time and resources to enable the DSL and deputy to carry out their roles effectively, including the assessment of pupils and attendance at strategy discussions and other necessary meetings
- Ensuring that all staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the school's whistle blowing procedures
- Ensuring that child's safety and welfare is addressed through the curriculum.
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)

6. Confidentiality

Northampton School *for Boys* has regard to issues about Information Sharing. Personal information about children and families held by the school should not normally be disclosed without the consent of the subject. The law permits, however, the disclosure of confidential information necessary to safeguard the child or act in their best interests.

In line with the GDPR and appropriate policy and guidance information is shared with relevant government agency based on all appropriate safeguarding guidance.

The Multi Agency Safeguarding Hub has direct access to timely information through the DSL co-ordinator during the day and out of hours DSL contact in the evenings.

Staff guidance below directs staff to make a child aware that they cannot promise they will not tell anyone as this may not be in the child's best interests

Confidentiality is also addressed in this policy with respect to record-keeping in section 11, and allegations of abuse against staff in appendix 3

7. Recognising abuse and taking action

Guidance for all staff:

Teachers and other adults in school are well placed to observe any physical, emotional or behavioural signs which indicate that a child may be suffering significant harm. The

relationships between staff, students, parents and the public which foster respect, confidence and trust can lead to disclosures of abuse, and/or school staff being alerted to concerns.

- All concerns regarding any pupils will be discussed with a Designated Senior Leader (or another senior member of staff in the absence of the DSL) prior to any action being taken or any discussion with parents.
- All concerns must also be recorded
- An internal email should be sent to the account called '**child protection**'
- An external is to safeguarding@nsb.northants.sch.uk
- You will receive a response notice within an hour

If a child is in immediate danger

If at school, contact the DSL immediately if the child is in immediate danger or at risk of significant harm

If out of school contact the MASH help desk by phone. Anyone can make a referral. Then inform the DSL by telephone and email (contact details in appendixes)

If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions. Tell / Explain / Describe (TED)
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it
- Sign and date the write-up and pass it on to the DSL. Alternatively, if appropriate, make a referral to children's social care through MASH and/or the police directly, and tell the DSL as soon as possible that you have done so

Serious Violent Crime

Staff need to know the indicators that may signal that children are at risk from, or are involved with, serious violent crime. Including:

- Unexplained gifts/new possessions – these can indicate children have been approached by/involved with individuals associated with criminal networks/gangs
- Increased absence from school
- Change in friendship/relationships with others/groups
- Significant decline in performance
- Signs of self-harm/significant change in wellbeing
- Signs of assault/unexplained injuries

Staff should also be aware of the associated risks and understand the measures in place to manage them. Training in each September and advice from DSLs will give clarification to this.

If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as ‘female genital cutting’, ‘circumcision’ or ‘initiation’.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 7.

Any teacher who discovers that an act of FGM appears to have been carried out on a pupil under 18 must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

The duty above does not apply in cases where a pupil is at risk of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a pupil under 18 must speak to the DSL and follow our local safeguarding procedures.

Any member of staff who suspects a pupil is at risk of FGM must speak to the DSL and follow our local safeguarding procedures.

If you have concerns about a child (as opposed to a child being in immediate danger)

Figure 1 illustrates the procedure to follow if you have concerns about a child’s welfare and the child is not in immediate danger.

- Where possible, speak to the DSL first to agree a course of action. Alternatively, make a referral to local authority children’s social care directly (MASH)
- You can also contact the charity NSPCC on 0808 800 5000 if you need advice on the appropriate action.

Early help

If early help is appropriate, the DSL will support you in liaising with other agencies and setting up an inter-agency assessment as appropriate.

The DSL co-ordinator will keep the case under constant review and the school will consider a referral to local authority children’s social care if the situation does not seem to be improving.

Timelines of interventions will be monitored and reviewed.

Referral

If it is appropriate to refer the case to local authority children’s social care or the police, the DSL will nominate a Designated Leader who will make the referral or support you to do so.

If you make a referral directly you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority (MASH) if this information is not made available, and ensure outcomes are properly recorded.

If the child’s situation does not seem to be improving after the referral, the DSL or person who made the referral must contact the local authority and make sure the case is reconsidered to ensure the concerns have been addressed and the child’s situation improves.

If you have concerns about extremism

If a child is not at immediate risk of harm, where possible, speak to the DSL first to agree a course of action. Alternatively, make a referral to local authority children's social care directly if appropriate (see 'Referral' above).

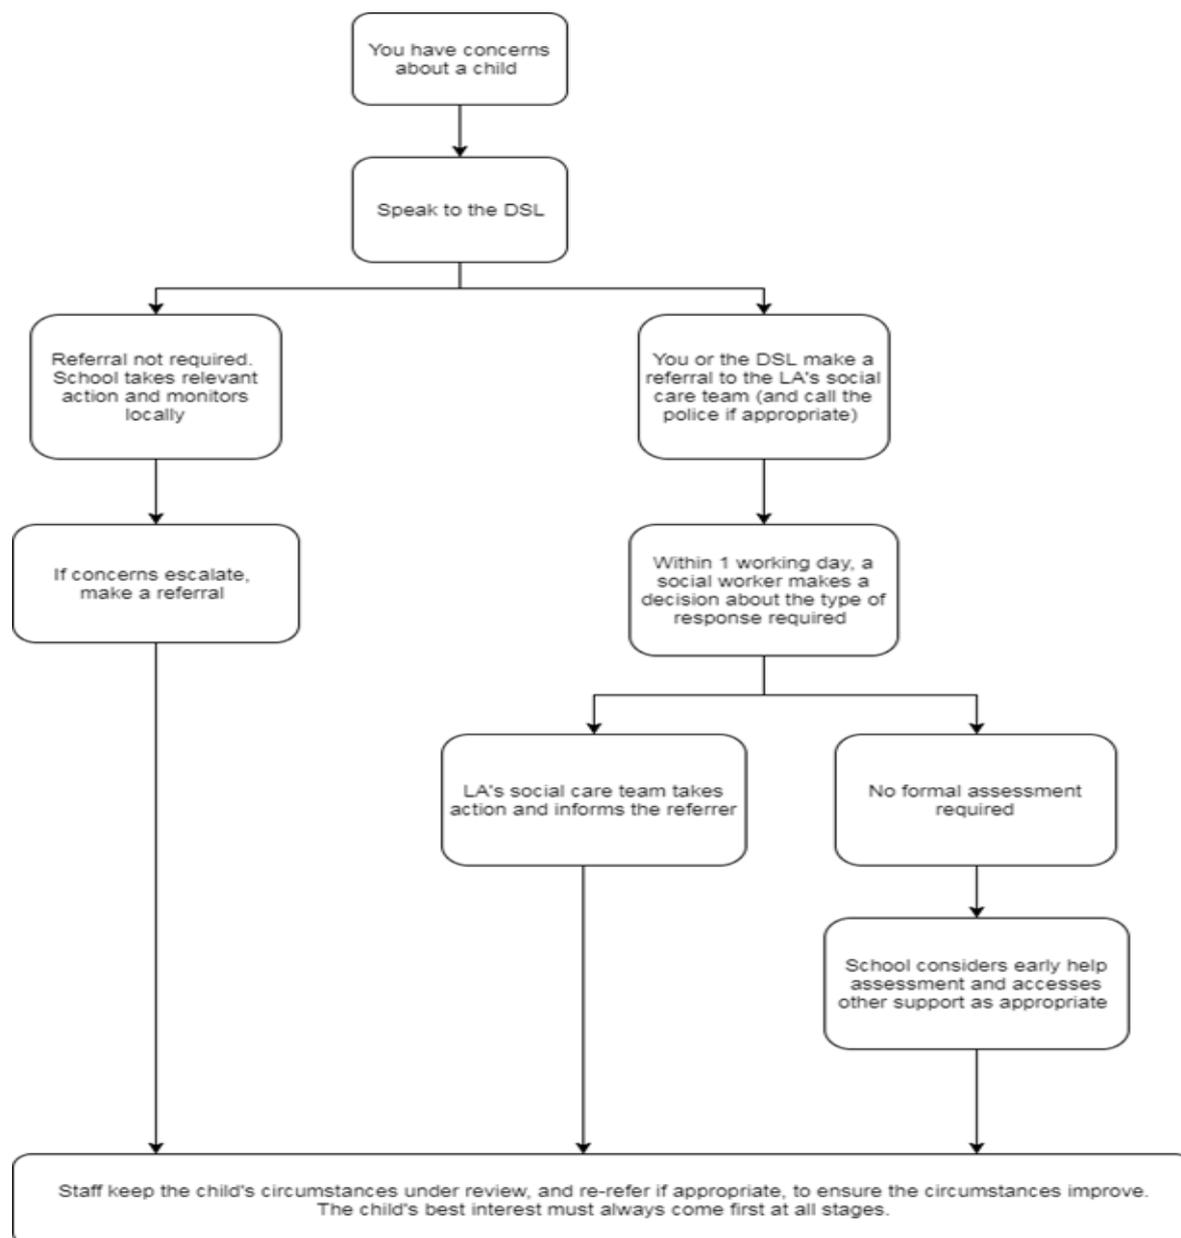

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include Channel, the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team through MASH.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, that school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

Figure 1: procedure if you have concerns about a child's welfare (no immediate danger)

Concerns about a staff member or volunteer (See appendix 3)

If you have concerns about a member of staff or volunteer, speak to the headmaster. If you have concerns about the headmaster, speak to the chair of governors. You can also discuss any concerns about any staff member or volunteer with the DSL.

The headmaster/chair of governors/DSL will then follow the procedures set out in appendix 3, if appropriate.

The DSL (or chair of governors, in the case of a concern about the headmaster) will also inform the designated officer for the local authority.

Abuse of trust

All school staff are aware that inappropriate behaviour towards children is unacceptable and that their conduct towards all children must be beyond reproach.

In addition, staff should understand that, under the Sexual Offences Act 2003, it is an offence for a person over the age of 18 to have a sexual relationship with a person under the age of 18, where that person is in a position of trust, even if the relationship is consensual. This means that any sexual activity between a member of the school staff and a child under 18 may be a criminal offence, even if that child is over the age of consent.

Special consideration includes the provision of safeguarding information, resources and support services in community languages and accessible formats.

Support for those involved in a child protection issue.

Child neglect and abuse is devastating for the child and can also result in distress and anxiety for staff who become involved. We will support the children and their families and staff by:

- taking all suspicions and disclosures seriously
- nominating a link person who will keep all parties informed and be the central point of contact. Where a member of staff is the subject of an allegation made by a child, a separate link person will be nominated to avoid any conflict of interest
- responding sympathetically to any request from a child or member of staff for time out to deal with distress or anxiety
- maintaining confidentiality and sharing information on a need-to-know basis only with relevant individuals and agencies
- storing records securely
- offering details of help lines, counselling or other avenues of external support
- following the procedures laid down in our whistle blowing, complaints and disciplinary procedures
- cooperating fully with relevant statutory agencies.

Complaints procedure in respect of poor practice behaviour

Our school complaints procedure will be followed where a child or parent raises a concern about poor practice towards a child that initially does not reach the threshold for child protection action.

Complaints from staff are dealt with under the school's complaints and disciplinary and grievance procedures.

Allegations of abuse made against other pupils – Peer on Peer Abuse (Appendix 10)

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter” or “part of growing up”.

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation or sexual abuse, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must tell the DSL and record the allegation, but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved – both the victim(s) and the child(ren) against whom the allegation has been made – with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to staff confidentially by arranging a meeting with a DSL
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

8. Notifying parents

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

9. Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones should remain unseen e.g. in their bags or cupboards during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras.

We will follow the General Data Protection Regulation and Data Protection Act 2018 (GDPR) when taking and storing photos and recordings for use in the school.

10. Complaints and concerns about school safeguarding practices

Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see appendix 3).

Whistleblowing

What is whistleblowing? A whistle-blower is a person who raises a genuine concern. Whistleblowing is the disclosure of information which relates to suspected wrongdoing or dangers at work. This may include:

- child protection and/or safeguarding concerns;

For reference on whistleblowing see personnel policy page 194

11. Record Keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.

Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

Records are kept both electronically and as paper in some cases (see below). These are held securely and archived by the DSL Coordinator. All information should be given to a DSL who can ensure they are stored appropriately. Any formal documentation will be kept and archived for 25 years.

Any other material will be kept in line with GDPR

In addition:

- Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks
- Appendix 3&4 sets out our policy on record-keeping with respect to allegations of abuse made against staff

And:

The Designated Senior Leader should ensure that:

- Accurate records are kept and clearly distinguish between observation, fact, opinion and hypothesis. All records will be signed and dated, any information given will be recorded verbatim, where possible, and a note made of the location and description of any injuries seen. (Appendix 5 – sample “Cause for Concern” form).
- All safeguarding/child protection documents are retained in a “Child Protection/Safeguarding” file, separate from the child’s main file. This will be kept securely and only accessible to the Headmaster and Designated Senior Leaders.
- These records will be copied and the copy transferred to any school or setting the child moves to, clearly marked “Child Protection/Confidential, for attention of Designated

Senior Leader for Child Protection”. The sending and receiving of files should be evidenced. The original file should be kept by the establishment.

- When details of the receiving establishment are not known by the DSL, we follow the “Missing Child” procedure. If the child is subject to a Child Protection Plan the Social Worker is informed and arrangements must be made to transfer the files.
- When admitting a new pupil where there is existing child protection records that have not been passed on, these records must be chased within a reasonable timescale.

12. Training & Recruitment

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school’s safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated and will be in line with advice from our local safeguarding children board.

All staff sign to confirm they have received a copy of the child protection policy

All staff will have training on the government’s anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually. Volunteers will receive appropriate training, if applicable.

Safer recruitment

Our school endeavours to ensure that we do our utmost to employ ‘safe’ staff by following the guidance in Keeping Children Safe in Education (KCSiE) 2020 together with the school’s individual procedures.

At least one person on any interview/appointment panel for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education’s statutory guidance, Keeping Children Safe in Education, and be in line with local safeguarding procedures.

Safer recruitment means that all applicants will be required to undertake at least the following tasks:

- complete an application form
- provide two referees, including at least one who can comment on the applicant’s suitability to work with children
- provide evidence of identity and qualifications
- provide evidence of their right to work in the UK and be mentally and physically able to undertake the role
- be checked through the DBS as appropriate to their role and also be checked against the barred list
- be interviewed

The DSL and [deputy/deputies]

The DSL and [deputy/deputies] will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

13. Monitoring arrangements

This policy will be reviewed annually by Mr M Kneeshaw, DSL. At every review, it will be approved by the full governing board.

Types of Abuse

Definitions

As in the Children Acts 1989 and 2004, and the new guidance on child protection ‘Keeping children safe in Education 2015’, a child is anyone who has not yet reached his/her 18th birthday.

Harm means ill-treatment or impairment of health or development, including, for example, impairment suffered from seeing or hearing the ill-treatment of another; Development means physical, intellectual, emotional, social or behavioural development; Health includes physical and mental health; Ill-treatment includes sexual abuse and other forms of ill-treatment which are not physical.

Abuse and Neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm or failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting; by those known to them, or, more rarely, by a stranger. They may be abused by an adult or adults or another child or children.

Physical Abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of or deliberately induces illness in a child.

Sexual Abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (e.g. rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, or encouraging children to behave in sexually inappropriate ways; or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse as can other children.

Emotional Abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child’s emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or “making fun” of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child’s developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill treatment of another. It may involve serious bullying (including cyber-bullying) causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food and clothing, shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment
- it may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Child Sexual Exploitation (CSE) Sexual exploitation of children and young people (under 18) involves exploitative situations, contexts and relationships where the young person receives something (e.g. food, money, drink, drugs etc.) as a result of them performing on another, or others performing on them, sexual activities. Risk indicators of CSE are:

- exclusion/ not engaged in school/ unexplained absences from school
- disclosure of sexual/ physical assault followed by withdrawal of allegation
- expressions of despair (self-harm, overdose, eating disorder, challenging behaviour, aggression)
- STI's, pregnancy and termination
- Substance misuse
- Unexplained injuries
- Associating with other young people involved in exploitation
- Displaying inappropriate sexualised behaviour
- Criminal behaviour
- Periods of going missing overnight or for longer
- Entering/ leaving vehicles driven by unknown adults
- Older 'boyfriend'/ relationship with controlling adult
- Unexplained amounts of money, expensive clothing or other items.

Female Genital Mutilation (FGM) – (further information available in Appendix 7 below)

FGM is classed as a form of child abuse in the UK. As with other types of abuse, therefore it needs to be treated as a serious child protection issue by schools. Risk indicators are:

- Anxiety leading up to holidays
- Talk of a 'special ceremony'
- Extended absences
- Psychological effects and Physical signs

Safer recruitment and DBS checks

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

Appointing new staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below).
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state
- Ask for written information about previous employment history and check that information is not contradictory or incomplete

We will seek references on all short-listed candidates before interview. We will scrutinise these and resolve any concerns before confirming appointments.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult:

- Where the 'harm test' is satisfied in respect of the individual (i.e. that no action or inaction occurred but the present risk that it could was significant)
- Where the individual has received a caution or conviction for a relevant offence

- If there is reason to believe that the individual has committed a listed relevant offence, under the Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009
- If the individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check. This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children
- We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 1 year.

- Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.
- We will check the identity of all new contractors and their new staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

From our own Teaching School documentation will be provided for all students in line with SCITT safeguarding guidance on initial teacher training and child protection and safeguarding.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Obtain an enhanced DBS check without barred list information for all volunteers who are not in regulated activity, but who have an opportunity to come into contact with children on a regular basis, for example, supervised volunteers
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check for any volunteers not engaging in regulated activity

Governors

All governors and trustees will have an enhanced DBS check without barred list information and section 128 check

They will have an enhanced DBS check with barred list information if working in regulated activity.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity. At Northampton School *for Boys* most Work Experience is carried out post 16.

Pupils staying with host families

Due to the risk thresholds and requirements of overseas schools and authorities Northampton School *for Boys* has made the decision to discontinue staying with host families in line with the requirements in Keeping Children Safer in Education September 2018.

Allegations against people who work with children

All school staff should take care not to place themselves in a vulnerable position with a child
(*Ref. Headteacher in line with national guidance*)

Managing Allegations

Where there is either a concern about, or an allegation is made against, any person working in or on behalf of the school (inclusive of casual workers and supply teachers regardless of who they work for), that he or she has:

- a. behaved in a way that has harmed a child or may have harmed a child
- b. possibly committed a criminal offence against or related to a child or
- c. behaved towards a child or children in a way that indicates s/he is unsuitable to work with children.

Northampton School *for Boys* will follow the (Northamptonshire Safeguarding Children Board (NSCB) Inter-Agency Procedure

“Managing Allegations of Abuse Made Against People who Work with Children”
(northamptonshirecb.org.uk)

All allegations are taken seriously and investigated properly and in line with agreed procedures.

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Initial Action

- The person who has received an allegation or witnessed an incident will immediately inform the Headteacher (Mr. R Bernard) and DSL (Mr. M Kneeshaw) and make a record. (If the person receiving information or witnessing an incident is from an external service or agency then they should also notify their own line manager.)
- In the event that an allegation is made against the Headteacher the matter will be reported to the Chair of Governors who will proceed as the “Headteacher”
- The Headteacher will take steps, where necessary, to secure the immediate safety of children and attend to any urgent medical needs
- The member of staff will not be approached at this stage unless it is necessary in order to address the immediate safety of children
- The Headteacher may need to clarify any information regarding the allegation; however, no person will be interviewed at this stage.

Initial Consideration

The Headteacher and/or DSL will have an initial consultation with operational Local Authority Designated Officer (Formerly known as LADO)

For referrals regarding adults in education:

Contact Details

Designated Officer Administrator - 01604 364031

Designated Officer Andy Smith - 01604 367862

Designated Officer Christine York - 01604 362633

doreferral@northamptonshire.gov.uk

- Consideration will be given throughout to the support and information needs of pupils, parents and members of staff
- The Headteacher will liaise with the Chair of Governors

Suspension

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted

Definitions for outcomes of allegation investigations

Substantiated: there is sufficient evidence to prove the allegation

Malicious: there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive

False: there is sufficient evidence to disprove the allegation

Unsubstantiated: there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the Headteacher (or Chair of Governors where the Headteacher is the subject of the allegation) – the ‘case manager’ – will take the following steps:

- Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children’s social care services.

(The case manager may, on occasion, consider it necessary to involve the police before consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)

- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children’s social care services, where necessary). Where the police and/or children’s social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children’s social care services, as appropriate
- If immediate suspension is considered necessary, agree, and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- If it is decided that no further action is to be taken in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- If it is decided that further action is needed, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children’s social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and consider what other support is appropriate. At Northampton School *for Boys* we have designated counselling provision and advice through our DSL team. Trade Union representation is also available through school based representatives.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children’s social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the National College for Teaching and Leadership.

Where the police are involved, wherever possible the governing board will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the NCTL to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the headteacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual. We will retain these records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Specific safeguarding issues

Children missing from education (CME)

A child going missing from education is a potential indicator of abuse or neglect, and such children are at risk of being victims of harm, exploitation or radicalisation.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority through the Education Inclusion Partnership Team (EIPT) if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

- If a staff member suspects that a child is suffering from harm or neglect, we will follow the Northamptonshire Safeguarding Children Board and EIPT child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, through the Multi Agency Safeguarding Hub (MASH) if the child is in immediate danger or at risk of harm.
- The new safeguarding partners and child death review partner arrangements are now in place with the LA

Senior leadership team, DSL and governing board should be aware of and follow these new local arrangements – this includes:

- Local authority (LA)
- Clinical commissioning group within the LA
- Chief office of police within the LA

Further information available through Northamptonshire Safeguarding Children Partnership – Local Safeguarding Arrangements on the web

Child sexual exploitation (see appendix 8)

Child sexual exploitation (CSE) is a form of sexual abuse where children are sexually exploited for money, power or status.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

FGM (see appendix 7)

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7 of this policy and appendix 7 sets out recognition guidance and the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fm@fco.gov.uk
- Refer the pupil to an education officer (EIPT), AIT mentor, Year Team Leader, or school counsellor, as appropriate

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as

democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding children board and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website Educate Against Hate and charity NSPCC say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Checking the identity and suitability of visitors

All visitors to the school sign in and out through our online system in reception and if not named on the Single Central Record are considered as guests that must be accompanied and

supervised at all times. All visitors will be required to verify their identity to the satisfaction of trained reception staff.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification if required.

Visitors are expected to sign the visitors' INVENTORY system and wear a visitor's badge.

All visitors to our setting, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the session/day, we will:

Contact emergency contact numbers in order of preference stated through data collection. Any child repeatedly left uncollected would initiate a meeting with family and possible referral to EIPT and Social Services through MASH.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will:

Contact the Local Authority - EIPT through the online referral form. Contact will also be made immediately to the police and details of the Child Missing from Education (CME) will be shared with each agency.

Staff Confirmation Slip

Child Protection Policy and Procedures

Please sign below to confirm that you have read and understood the information contained within this documentation.

Once signed, this sheet should be returned to the Head Teacher's PA.

Name :

I have read and understood Northampton School *for Boy's* Child Protection & Safeguarding Policy and Appendices including aspects on CSE, FGM and Peer on Peer abuse and understand the procedures.

Date :

Signature :

Female Genital Mutilation

Female Genital Mutilation occurs mainly in Africa and to a lesser extent, in the Middle East and Asia. Although it is believed by many to be a religious issue, it is a cultural practice. There are no health benefits.

Communities particularly affected by FGM in the UK include girls from:

Somalia, Kenya, Ethiopia, Sierra Leone, Sudan, Egypt, Nigeria, Eritrea, Yemen, Indonesia and Afghanistan.

In the UK, FGM tends to occur in areas with larger populations of communities who practise FGM, such as first-generation immigrants, refugees and asylum seekers. These areas include: London, Cardiff, Manchester, Sheffield, Northampton, Birmingham, Oxford, Crawley, Reading, Slough and Milton Keynes.

In England and Wales, 23,000 girls under 15 could be at risk of FGM.

Key Points:

- Not a religious practice
- Occurs mostly to girls aged from 5 – 8 years old; but up to around 15
- Criminal offence in UK since 1985
- Offence since 2003 to take girls abroad
- Criminal penalties include up to 14 years in prison

Reasons for this cultural practice include:

- Cultural identity – An initiation into womanhood
- Gender Identity – Moving from girl to woman – enhancing femininity
- Sexual control – reduce the woman’s desire for sex
- Hygiene/cleanliness – un mutilated women are regarded as unclean

Risk Factors include:

- low level of integration into UK society
- mother or sister who has undergone FGM
- girls who are withdrawn from PSHE
- a visiting female elder from the country of origin
- being taken on a long holiday to the family’s country of origin
- talk about a ‘special’ event or procedure to ‘become a woman’

High Risk Time

This procedure often takes place in the summer, as the recovery period after FGM can be 6 to 9 weeks. Schools should be alert to the possibility of FGM as a reason why a girl in a high risk group is absent from school or where the family request an ‘authorised absence’ for just before or just after the summer school holidays.

Although, it is difficult to identify girls before FGM takes place, where girls from these high risk groups return from a long period of absence with symptoms of FGM, advice should be sought from the police or social services.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out

- A family/pupil already being known to social services in relation to other safeguarding issues

A girl:

- Having difficulty walking, sitting or standing, or looking uncomfortable
- Finding it hard to sit still for long periods of time (where this was not a problem previously)
- Spending longer than normal in the bathroom or toilet due to difficulties urinating
- Having frequent urinary, menstrual or stomach problems
- Avoiding physical exercise or missing PE
- Being repeatedly absent from school, or absent for a prolonged period
- Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
- Being reluctant to undergo any medical examinations
- Asking for help, but not being explicit about the problem
- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues

A girl:

- Having a mother, older sibling or cousin who has undergone FGM
- Having limited level of integration within UK society
- Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
- Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

Longer Term problems include:

- difficulties urinating or incontinence
- frequent or chronic vaginal, pelvic or urinary infections
- menstrual problems
- kidney damage and possible failure
- cysts and abscesses
- pain when having sex
- infertility
- complications during pregnancy and childbirth
- emotional and mental health problems

Child Sexual Exploitation

The Government deplors the sexual exploitation of children, and will not tolerate failure at any level to prevent harm, support victims and bring offenders to justice.

* *Tackling Child Sexual Exploitation, March 2015, page 3.*

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE). Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males; abuse can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place online.

* *Keeping Children Safe in Education Sept 2020, statutory guidance.*

There can be a significant age gap between the young person and the perpetrator, though this is not always the case. Any young person is at risk of CSE, regardless of age, race, cultural background. Incidents of Child Sexual Exploitation involving peers is rising statistically.

Child Sexual Exploitation is a form of child abuse. This appendix must be read in conjunction with the schools Child Protection & Safeguarding policy. Any concerns about a child must be responded to urgently following the procedures outlined in the policy.

In keeping with statutory guidance, no child under 13 years can be assessed as low risk if behaviours indicate involvement in CSE.

Guidance for DSLs if CSE is reported

- Complete the online assessment which is referred to in the section above.
- Contact the MASH.
- If a young person discloses and there is evidence to suggest that a crime has been or may have been committed against them, contact the police and report the crime noting the incident number for future reference.
- Send in a referral to social care following the procedures in the Thresholds and Pathways document. Attach the completed CSE Toolkit as supporting evidence to the referral form itself and submit them electronically.

Upon a concern about CSE being raised in relation to a child or young person by a staff member in school or a member of the public, DSLs will need to complete the following actions as soon as possible and within 2 hours:

- speak with the child/young person if appropriate
- complete the online CSE assessment
- contact the MASH and, if needed, Northants police
- submit a referral into social care with the completed toolkit - attached

If a child or young person goes missing at any point during this process, the MASH and the Police must be contacted immediately and the Missing protocols must be followed which can be found at:

<https://www3.northamptonshire.gov.uk/councilservices/children-families-education/schools-and-education/information-for-school-staff/pupil-support-and-inclusion/attendance-and-behaviour/Pages/children.aspx>

E-Safety

All young people are at risk of online grooming which could result in sexual exploitation. We will ensure that our e-safety procedures are robust and that pupils are taught online safety skills so they know:

- online risks
- how to recognise unsafe online contact
- to be confident to report any concerns about themselves or others to staff in school staff.

The school is aware that pupils with the following vulnerabilities are more at risk of being sexually exploited:

- Children and young people who have been excluded
- Children and young people recorded as Missing Education
- Children and young people with Special Educational Needs
- Children and young people in Care of the Local Authority (LAC)
- Poverty and deprivation
- Previous sexual, physical and/or emotional abuse
- Familial and community offending patterns
- Prevalence of undiagnosed mental health problems/ Family History of Mental Health difficulties.
- Family History of Abuse or Neglect
- Family History of Domestic Abuse
- Family History of Substance Misuse
- Breakdown of Family Relationships
- Low Self-Esteem
- Children frequently missing from home

Possible Warning Signs/Risk Indicators

The school is aware that children are groomed in different ways. The following can indicate or signify if children are being groomed or being sexually exploited:

- Being secretive or withdrawn.
- Being hostile or physically aggressive in their relationship with parents/carers and other family members.
- Associating/developing relationship of a sexual nature with a significantly older man or a woman.

- Having money, mobile phones, clothes, jewellery or other items not given by parents/carers.
- Changing physical appearance - new clothes, more make-up.
- Being defensive about where they have been and what they've been doing.
- Having increasing health-related problems.
- Staying out late and/or going missing.
- Returning home after long intervals but appearing to be well cared for.
- Becoming disruptive or using abusive language.
- Getting involved in petty crime.
- Volatile behaviour.
- Having marks or scars on their body which they try to conceal by refusing to undress or uncover parts of their body.
- Having a mobile phone at school, or additional/new mobile phones.
- Expressions of despair (self-harm, overdose, onset of disordered eating, challenging behaviour, aggression, appearing drunk or under the influence of drugs, suicidal tendencies, looking tired or ill, sleeping during the day.)
- Use of the internet that causes concern.
- Isolated from peers and social networks; not mixing with their usual friends.
- Lack of positive relationship with a protective, nurturing adult.
- Exclusion and/or unexplained absences from school or not engaged in education or training.

Other Significant risk indicators

- Periods of going missing overnight or longer.
- Older 'boyfriend/girlfriend' or relationship with a controlling adult.
- Physical or emotional abuse by that 'boyfriend/girlfriend' or controlling adult.
- Entering and/or leaving vehicles driven by unknown adults.
- Unexplained amounts of money, expensive clothing or other items.
- Physical injury without plausible explanation.

APPENDIX 9

TAKING ACTION TO ENSURE THAT CHILDREN ARE SAFE AT SCHOOL AND AT HOME AND THE MANAGEMENT OF REFERRALS TO CHILDREN AND YOUNG PEOPLE'S SERVICE SOCIAL CARE

It is **not** the responsibility of the school staff to investigate concerns or to determine the truth of any disclosure or allegation.

1. Staff will immediately report to the DSL:

- any suspicion that a child is injured, marked, or bruised in a way which is not readily attributable to the normal knocks or scrapes received in play and could be evidence of serious violence (Sept 2020)
- any explanation for injury given which appears inconsistent or suspicious
- any behaviours which give rise to suspicions that a child may have suffered harm (e.g. worrying drawings or play)
- any concerns that a child may be suffering from inadequate care, ill treatment, or emotional maltreatment
- any concerns that a child is presenting signs or symptoms of abuse or neglect
- any significant changes in a child's presentation, including non-attendance
- any hint or disclosure of abuse from any person
- any concerns regarding person(s) who may pose a risk to children (e.g. living in a household with children present)

2. Responding to Disclosure:

Disclosures or information may be received from pupils, parents or other members of the public. Northampton School *for Boys* recognises that those who disclose such information may do so with difficulty, having chosen carefully to whom they will speak. Accordingly, all staff will handle disclosures with sensitivity.

Such information cannot remain confidential and staff will immediately communicate what they have been told to the Designated Senior Leader and make a contemporaneous record.

Staff will:

- listen to and take seriously any disclosure or information that a child may be at risk of harm and ensure that the child knows staff cannot keep secrets
- not investigate
- try to ensure that the child disclosing does not have to speak to another member of school staff
- clarify the information
- try to keep questions to a minimum and of an "open nature e.g. "Tell me", "Explain" and "Describe" (TED) rather than "Did x hit you?"
- try not to show signs of shock, horror or surprise
- not express feelings or judgements regarding any person alleged to have harmed the child
- explain sensitively to the child that the senior designated person will have to be informed
- reassure and support as far as possible and be honest
- explain that only those who "need to know" will be told
- explain what will happen next and that the child will be involved as appropriate

3. Action by the Designated Senior Leader or other Designated ‘Safeguarding’ Lead in their absence – Main Procedural Steps

- Begin a case file for pupils where there are concerns, with an overview chronology, which will hold a record of communications and actions. This must be stored securely (see Section on Records and Monitoring).
- Where initial enquiries do not justify a referral to the investigating agencies inform the initiating adult and monitor the situation. If in doubt, seek advice from the Multi-Agency Safeguarding Hub: 0300 126 1000.
- Share information confidentially with those who need to know.
- Where there is a child protection concern requiring immediate, same day, intervention from Children’s Social Care (Priority 1), the Multi-Agency Safeguarding Hub should be contacted immediately by phone. Written confirmation should follow within 24 hours on the NSCB Agency Referral Form. All other referrals should be made firstly through a telephone conversation with the Multi-Agency Safeguarding Hub and then by following up with the online form, where requested to do so. The Multi-Agency Safeguarding Hub is available for advice on the advice line number given in the contact details on page 3 of this document.
- If it appears that urgent medical attention is required arrange for the child to be taken to hospital (normally this means calling an ambulance) accompanied by a member of staff who must inform medical staff that non-accidental injury is suspected. Parents must be informed that the child has been taken to hospital.
- Exceptional circumstances: If it is feared that the child might be at immediate risk on leaving school, take advice from the Multi-Agency Safeguarding Hub (for instance about difficulties if the school day has ended, or on whether to contact the police). Remain with the child until the Social Worker or Police take responsibility. If in these circumstances a parent arrives to collect the child, the member of staff has no right to withhold the child, unless there are current legal restrictions in force (e.g. a restraining order). If there are clear signs of physical risk or threat, the Multi-Agency Safeguarding Hub should be updated and the Police should be contacted immediately.

The DSL will also consider:

- wherever possible, to talk to parents, unless to do so may place a child at risk of significant harm, impede any police investigation and/or place the member of staff or others at risk. It is important that the potential impact upon outcomes for children is borne in mind when judgements are made about when it is or is not appropriate to share concerns with parents/carers).
- that reasons for NOT notifying parents before making a referral or concerns about doing so will be discussed with the MASH and recorded.

Safeguarding Referrals must be made in one of the following ways:

- By telephone contact to the Multi-Agency Safeguarding Hub: 0300 126 1000;
- By e-mail to: MASH@northamptonshire.gcsx.gov.uk;
- In an emergency outside office hours, by contacting the Emergency Duty Team or the Police.
- If a child is in immediate danger at any time, left alone or missing, you should contact the police directly and/or an ambulance using 999.

Multi-Agency Safeguarding Hub (M.A.S.H)

The Multi-Agency Safeguarding Hub (MASH) deals with referrals from professionals and members of the public who may have concerns about a child’s welfare following contact with

the helpline that is now also based in the Multi-Agency Safeguarding Hub. It makes the process of dealing with referrals quicker and more effective by improving the way county council: Children's social care, Northamptonshire Fire and Rescue Service (NFRS), Youth Offending Service (YOS) and education, work alongside other partner agency colleagues including Northamptonshire police, Northamptonshire health partners, National Probation Service, and the East Midlands Ambulance Service (EMAS) to share information.

Out of Hours 01604 626938

All referrals will be followed up by using the Inter-Agency Referral Form within 1 working day : northamptonshirecb.org.uk

The DSL may decide:

- not to make a referral at this stage
- that further monitoring is necessary
- that an assessment of need is required and/or make a referral for other services.

Children and young people are supported most effectively when services are planned and delivered in a co-ordinated way to offer integrated support across the continuum of needs and services (www.northamptonshire.gov.uk "Thresholds and Pathways"). A matrix of vulnerability is included in this guidance.

All information and actions taken, including the reasons for any decisions made, will be fully documented.

4. Action following a child protection referral

The Designated Senior Leader or other appropriate member of staff will:

- make regular contact with M.A.S.H. for outcome of referral
- wherever possible, contribute to any Strategy Discussion (STRAT)
- provide a report for, attend and contribute to any subsequent Child Protection Conference
- if the child or children become subject to a Child Protection Plan, contribute to the Plan and attend Core Group Meetings and Review Child Protection Conferences
- where possible, share all reports with parents prior to meetings
- where there is disagreement with a decision made e.g. not to apply Child Protection Procedures or not to convene a Child Protection Conference, attempts should be made to address issues via line management
- where a child is subject to a Child Protection Plan and moves from the school or goes missing, immediately inform the key worker in Social Care and Education Inclusion Partnership Team (EIPT)

5. Supporting the Child and Partnership with Parents

- School recognises that the child's welfare is paramount, however good child protection/safeguarding practice and outcome relies on a positive, open and honest working partnership with parents.
- Whilst we may, on occasion, need to make referrals without consultation with parents, we will make every effort to maintain a positive working relationship with them whilst fulfilling our duties to protect any child. The impact on outcomes for children must be borne in mind when making any decisions about discussing concerns with parents/carers.
- We acknowledge that lack of parental consent should not be a barrier to services for children.

- We will provide a secure, caring, supportive and protective relationship for the child.
- Children will be given a proper explanation (appropriate to age and understanding) of what action is being taken on their behalf and why.
- We will endeavour always to preserve the privacy, dignity and right to confidentiality of the child and parents. The Designated Senior Leader will determine which members of staff “need to know” personal information and what they “need to know” for the purpose of supporting and protecting the child and themselves.

For cases involving children of a more complex set of issues the following further steps are in place to support the child.

For adults linked to children who also demonstrate vulnerability:

Safeguarding Vulnerable Adults

Any concerns relating to vulnerable adults: contact Adult Care Team

Email adultcare@northamptonshire.gov.uk

Call 01604 362900

Tiered response in safeguarding

Level of Need Identified	Further assessment required	Referral/action/support
Level 1: Universal	No additional assessment needed.	Child, young person or family directed to relevant universal services for advice/support.
Level 2: Early Help	If a single clear issue or area of need identified – Early Help Assessment (EHA) may not be necessary.	Offer support yourself or direct to relevant universal or early help support service for relevant support.
	If a number of issues or needs at Level 2 are identified, an EHA must be undertaken.	Contact the Early Help Support Service: www.northamptonshire.gov.uk/earlyhelpsupportservice Based on results of Early Help Assessment – access appropriate early help service/s. Establish Team around the Family (TAF) meeting.
Level 3: Targeted Response	If an Early Help Assessment has already been done, new information should be sent to the services already involved, to update the EHA.	Contact the Early Help Support Service: www.northamptonshire.gov.uk/earlyhelpsupportservice and then feed any new information to the lead professional handling the EHA.
	If not already done, an EHA must be undertaken.	Contact the Early Help Support Service: www.northamptonshire.gov.uk/earlyhelpsupportservice Appropriate support to be accessed by lead professional.
Level 4: Specialist/Statutory	Likely that an EHA has been done but if not the EHA process should not be used at this point and referral should not be delayed.	Immediate referral should be made to the Multi Agency Safeguarding Hub (MASH): www.northamptonshire.gov.uk/MASH

Peer on Peer Abuse

Introduction Keeping Children Safe in Education, 2019 and updates for September 2020 state that ‘Governing bodies and proprietors must ensure their child protection policy includes procedures to minimise the risk of peer on peer abuse and sets out how allegations of peer on peer abuse will be investigated and dealt with’

Purpose and Aim

Children and young people may be harmful to one another in a number of ways which would be classified as peer on peer abuse. The purpose of this appendix is to explore the many forms of peer on peer abuse and include a planned and supportive response to the issues.

Introduction to abuse and harmful behaviour

Abusive behaviour can happen to pupils in schools and settings and it is necessary to consider what abuse is and looks like, how it can be managed and what appropriate support and intervention can be put in place to meet the needs of the individual and what preventative strategies may be put in place to reduce further risk of harm. Abuse is abuse and should never be tolerated or passed off as ‘banter’ or ‘part of growing up’.

Equally, abuse issues can sometimes be gender specific and it is more likely that girls will be victims and boys will be perpetrators however there will be many examples where boys are also victims e.g. boys being subject to initiation/hazing type violence (KCSIE, 2020).

It is important to consider the forms abuse may take and the subsequent actions required.

Types of abuse

There are many forms of abuse that may occur between peers and this list is not exhaustive. Each form of abuse or prejudiced behaviour is described in detail followed by advice and support on actions to be taken

Physical abuse

Physical abuse may include, hitting, kicking, nipping, shaking, biting, hair pulling, or otherwise causing physical harm to another person. There may be many reasons why a child harms another and it is important to understand why a young person has engaged in such behaviour, including accidentally before considering the action or punishment to be undertaken.

Sexually harmful behaviour/sexual abuse

Sexually harmful behaviour from young people is not always contrived or with the intent to harm others. There may be many reasons why a young person engages in sexually harmful behaviour and it may be just as distressing to the young person who instigates it as well as the young person it is intended towards. Sexually harmful behaviour may range from inappropriate sexual language, inappropriate role play, to sexually touching another or sexual assault/abuse.

Bullying

Bullying is unwanted, aggressive behaviour among school aged children that involves a real or perceived power imbalance. The behaviour is repeated, or has the potential to be repeated, over time. Both young people who are bullied and who bully others may have serious, lasting problems. In order to be considered bullying, the behaviour must be aggressive and include:

- **An Imbalance of Power:** Young people who bully use their power—such as physical strength, access to embarrassing information, or popularity—to control or harm others. Power imbalances can change over time and in different situations, even if they involve the same people.

- Repetition: Bullying behaviours happen more than once or have the potential to happen more than once. Bullying includes actions such as making threats, spreading rumours, attacking someone physically or verbally or for a particular reason e.g. size, hair colour, gender, sexual orientation, and excluding someone from a group on purpose.

Cyber bullying

Cyberbullying is the use of phones, instant messaging, e-mail, chat rooms or social networking sites such as Snapchat, Instagram and Twitter to harass threaten or intimidate someone for the same reasons as stated above. It is important to state that cyber bullying can very easily fall into criminal behaviour under the Malicious Communications Act 1988 under section 1 which states that electronic communications which are indecent or grossly offensive, convey a threat or false information or demonstrate that there is an intention to cause distress or anxiety to the victim would be deemed to be criminal. This is also supported by the Communications Act 2003, Section 127 which states that electronic communications which are grossly offensive or indecent, obscene or menacing, or false, used again for the purpose of causing annoyance, inconvenience or needless anxiety to another could also be deemed to be criminal behaviour. If the behaviour involves the use of taking or distributing indecent images of young people under the age of 18 then this is also a criminal offence under the Sexual Offences Act 2003. Outside of the immediate support young people may require in these instances, the school will have no choice but to involve the police to investigate these situations.

Sexting

Sexting is when someone sends or receives a sexually explicit text, image or video. This includes sending 'nude pics', 'rude pics' or 'nude selfies'. Pressuring someone into sending a nude picture can happen in any relationship and to anyone, whatever their age, gender or sexual preference. However, once the image is taken and sent, the sender has lost control of the image and these images could end up anywhere. By having in their possession, or distributing, indecent images of a person under 18 on to someone else, young people are not even aware that they could be breaking the law as stated as these are offences under the Sexual Offences Act 2003.

Upskirting

This is now a criminal offence. Upskirting is typically when a photograph is taken under a person's clothing without them knowing, for sexual gratification or to cause the victim humiliation, distress or alarm.

Initiation/Hazing

Hazing is a form of initiation ceremony which is used to induct newcomers into an organisation such as a private school, sports team etc. There are a number of different forms, from relatively mild rituals to severe and sometimes violent ceremonies. The idea behind this practice is that it welcomes newcomers by subjecting them to a series of trials which promote a bond between them. After the hazing is over, the newcomers also have something in common with older members of the organisation, because they all experienced it as part of a rite of passage. Many rituals involve humiliation, embarrassment, abuse, and harassment.

Prejudiced Behaviour

The term prejudice-related bullying refers to a range of hurtful behaviour, physical or emotional or both, which causes someone to feel powerless, worthless, excluded or marginalised, and which is connected with prejudices around belonging, identity and equality in wider society – in particular, prejudices to do with disabilities and special educational needs, ethnic, cultural and religious backgrounds, gender, home life, (for example in relation to issues

of care, parental occupation, poverty and social class) and sexual identity (homosexual, bisexual, transsexual).

Expected action taken from all staff

Although the type of abuse may have a varying effect on the victim and initiator of the harm, these simple steps can help clarify the situation and establish the facts before deciding the consequences for those involved in perpetrating harm.

It is important to deal with a situation of peer abuse immediately and sensitively. It is necessary to gather the information as soon as possible to get the true facts around what has occurred as soon after the child(ren) may have forgotten.

It is equally important to deal with it sensitively and think about the language used and the impact of that language on both the children and the parents when they become involved. For example; do not use the word perpetrator, this can quickly create a 'blame' culture and leave a child labelled. In all cases of peer on peer abuse it is necessary that all staff are trained in dealing with such incidents, talking to young people and instigating immediate support in a calm and consistent manner.

Staff should not be prejudiced, judgemental, dismissive or irresponsible in dealing with such sensitive matters.

Gather the Facts

Speak to all the young people involved separately, gain a statement of facts from them and use consistent language and open questions for each account. The easiest way to do this is not to have a line of questioning but to ask the young people to tell you what happened. Only interrupt the young person from this to gain clarity with open questions, 'where, when, why, who'. (What happened? Who observed the incident? What was seen? What was heard? Did anyone intervene?)

Consider the Intent (begin to Risk Assess) Has this been a deliberate or contrived situation for a young person to be able to harm another?

Decide on your next course of action

If from the information that you gather you believe any young person to be at risk of significant harm you must make an internal safeguarding referral to child protection who will contact social care through the MASH helpdesk (where a crime has been committed the police should be involved also).

If this is the case, once social care has been contacted and made a decision on what will happen next then the school and yourself will be informed on your next steps. If social care and the police intend to pursue this further they may ask to interview the young people in school or they may ask for parents to come to school to be spoken to also. It is important to be prepared for every situation and the potential time it may take. It may also be that social care feel that it does not meet their criteria in which case you may challenge that decision, with that individual or their line manager. If on discussion however, you agree with the decision, you may then be left to inform parents.

Points to consider:

Where did the incident or incidents take place?

What was the explanation by all children involved of what occurred?

What is each of the children's own understanding of what occurred?

Repetition?

In most cases the DSLs and Child Protection team will plan support for the child that has been harmed and intervention where required for the child that has displayed harmful behaviour. These will often for the latter fall in line with the behaviour policy.

Northampton School *for Boys*

1. Scope and definitions

This addendum applies due to COVID-19, and reflects updated advice from our 3 local safeguarding partners, Northamptonshire County Council (The Director of Children's Services), Northamptonshire Constabulary and the local authority (LA)

It sets out changes to our normal child protection policy in light of the Department for Education's guidance, and should be read in conjunction with that policy.

Unless covered here, our normal child protection policy continues to apply.

2. Core safeguarding principles

We will still have regard to the statutory safeguarding guidance, [Keeping Children Safe in Education](#).

Although we are operating in a different way to normal, we are still following these important safeguarding principles:

- The best interests of children must come first
- If anyone has a safeguarding concern about any child, they should continue to act on it immediately
- A designated safeguarding lead (DSL) or deputy should be available at all times
- It's essential that unsuitable people don't enter the school workforce or gain access to children
- Children should continue to be protected when they are online

3. Reporting concerns

All staff and volunteers must continue to act on any concerns they have about a child immediately. It is still vitally important to do this.

As a reminder, all staff should continue to work with and support children's social workers (where applicable), where they have one, to help protect vulnerable children.

4. DSL (and deputy) arrangements

We have trained DSLs on site during school hours, each Year group has a DSL and DSL leadership are available out of hours by phone. Details of all important contacts are listed in the 'Important contacts' section at the start of this addendum.

We will ensure that DSLs (and deputies), wherever their location, know who the most vulnerable children in our school are.

The DSL (or deputy) will make sure they can:

- Identify the most vulnerable children in school
- Update and manage access to child protection files, where necessary
- Liaise with children's social workers where they need access to children in need and/or to carry out statutory assessments

5. Working with other agencies

We will continue to work with children's social care, and with virtual school heads for looked-after and previously looked-after children.

We will continue to update this addendum where necessary, to reflect any updated guidance from:

- Our 3 local safeguarding partners

- The local authority about children with education, health and care (EHC) plans, the local authority designated officer and children's social care, reporting mechanisms, referral thresholds and children in need

The following guidance is currently in place:

<http://www.northamptonshirescb.org.uk/about-northamptonshire-safeguarding-children-partnership/news/covid-19-safeguarding-arrangements/>

6. Monitoring attendance

Please refer to the schools attendance policy and COVID-19 addendum.

7. Peer-on-peer abuse

We will continue to follow the principles set out in part 5 of Keeping Children Safe in Education when managing reports and supporting victims of peer-on-peer abuse.

Staff should continue to act on any concerns they have immediately and utilise the CP Policy to take action appropriately

8. Concerns about a staff member or volunteer

We will continue to follow the principles set out in part 4 of Keeping Children Safe in Education.

Staff should continue to act on any concerns they have immediately and utilise the CP Policy to take action appropriately

We will continue to refer adults who have harmed or pose a risk of harm to a child or vulnerable adult to the Disclosure and Barring Service (DBS).

We will continue to refer potential cases of teacher misconduct to the Teaching Regulation Agency. We will do this using the email address Misconduct.Teacher@education.gov.uk for the duration of the COVID-19 period, in line with government guidance.

9. Online safety

9.1 In school

We will continue to have appropriate filtering and monitoring systems in place in school.

If IT staff are unavailable, our contingency plan is utilising IT staff who will remote in to solve daily problems. There IT staff are available during office hours.

9.2 Outside school

Where staff are interacting with children online, they will continue to follow our existing staff behaviour policy, our code of conduct and our IT acceptable use policy

Utilising other software e.g. Zoom, Microsoft Teams etc. is only to be done with permission from the Headteacher.

Staff will continue to be alert to signs that a child may be at risk of harm online, and act on any concerns immediately, following our reporting procedures as set out in section 3 of this addendum.

We will make sure children know how to report any concerns they have back to our school, and signpost them to other sources of support too.

9.3 Working with parents and carers

We will make sure parents and carers:

- Are aware of the potential risks to children online and the importance of staying safe online
- Know what our school is asking children to do online, including what sites they will be using and who they will be interacting with from our school
- Are aware that they should only use reputable online companies or tutors if they wish to supplement the remote teaching and resources our school provides
- Know where else they can go for support to keep their children safe online

We have signed parents and students up to the National Online Safety website and parents and students have online safety lectures to attend which we can monitor outcomes of statistically to ensure all are operating safely.

10. Mental health

Where possible if a student must be at home, we will continue to offer our current support for pupil mental health for all pupils. Staff and students should email safeguarding@nsb.northants.sch.uk with any concern or fill out the online bullying form on the VLE

We will also signpost all pupils, parents and staff to other resources to support good mental health at this time.

When setting expectations for pupils learning remotely and not attending school, teachers will bear in mind the potential impact of the current situation on both children's and adults' mental health.

11. Monitoring arrangements

This policy will be reviewed as guidance from the 3 local safeguarding partners, the LA or DfE is updated, and as a minimum every 4 weeks by Matt Kneeshaw. At every review, it will be approved by the full governing board.

12. Links with other policies

This policy links to the following policies and procedures:

- Child protection policy
- Staff Code of Conduct
- IT acceptable use policy
- Health and safety policy
- Online safety policy
