

Admissions Quick Guide

Read all the information and watch the videos that are on the school website to make a decision on whether NSB is the right school for your son. This information includes the admissions policy; Headteacher's, Chair of Governors' and Senior Deputy Headteacher's presentations; an FAQ section and videos about the school.

Decide if your son has an aptitude for Technology or Music. There are optional tests for this on Saturday 10th October and Monday 19th October respectively. Your son does not have to do these if you feel he does not have an aptitude (natural ability) and it will not harm his application to the school if he does not. Please read the information that relates specifically to these.

Apply to us using the link on our website to complete our Supplementary Information Form. You must do this by 5:00pm on 31st October.

Apply to the Local Authority via their online form. You must do this by 5:00pm on 31st October.

We will email you about our Common Ability Test which takes place on Saturday 14th November which all applicants to the school have to take.

Please ensure that you read very carefully any information that we send to you with regards to visiting the school site for any of our admissions tests as there will be restrictions in place to reduce the risk of transmission of Coronavirus. We ask that you adhere to these restrictions.

The Local Authority will write to you on 1st March to let you know which school your son has been allocated to.
