

Dear Parent / Carer

Week beginning Monday, June 12th - Adjustment to the NSB Uniform Policy until the End of Term

Due to the significant heat forecast over the duration of next week and beyond, there will be an adjustment to the Uniform Policy which is line with action taken last year during Term 6. This adjustment will remain until the end of term due to the general hot weather at this time of year. Students in Years 7-10 have been informed in registration today and Year 11/12/13 students are being informed by student email.

Blazers / Jackets

The expectation of wearing a blazer / jacket at all times when travelling to and from school and when moving around the school is relaxed for all students.

Caps

Students may wear caps (logos must be appropriate) outside at Break and Lunch and are encouraged to use sunscreen. Students have access to water throughout the day at school.

Ties

The expectation of wearing a tie at all times for students in Y7-11 and for male students in the Sixth Form is currently maintained but will be kept under review in line with predicted temperatures. Shirts must always be tucked in.

Access to the Sports Hall Car Park

From Wednesday, June 14th until September 1st there will be no access for cars to the NSB Access Road / Sports Hall Car Park due to building works. The Access Road will still be accessible to pedestrians. Parents / carers should not seek to use the Access Road - for example for dropping off / picking up students from the Sports Hall Car Park during this period.

Yours faithfully

Richard Bernard
Headmaster
Northampton School *for Boys*
