13 June 2022

Dear Parent/Guardian

Re: Geography Studies Field Trip – 20-24th June 2022
Travel to Dorset arrangements

The coach will depart from the Sports Hall Car Park at **07:30am**. Please make sure students **arrive no later than 07:20am outside the swimming pool in the Sports Hall Car Park to load luggage.**

Students will need the usual toiletries/wash kit, sensible/ suitable clothing to cater for all weathers (British Summer time!), waterproofs and suitable footwear must be packed as students will be outside all day during the five days we are there. A small bag/rucksack for daily use whilst out is also a requirement, as students will need to carry packed lunches, worksheets, and clip boards etc every day.

Students will also need to bring a packed lunch for Monday 20th June, and a small amount of spending money as we will be stopping at the services on the journey to Dorset. The first meal at the Field Studies Centre will not be until Monday evening. So please make sure money, packed lunch, pencil case and waterproof are packed in their day bag/sack, and this is with them on the coach.

As soon as we get to Durdle Door we will be off the coach and working until the coach returns later at Lulworth Cove. We will be doing a lot of walking, so sensible footwear is required. We will not be unpacking the coach if students have left something in their case.

We return to Northampton on Friday 24th June at approximately 19:00-19:30, depending on traffic. Students will telephone home on approach to Northampton. Again, we will be stopping for a short time at the services so refreshments can once again be purchased.

Accommodation: Leeson House Field Studies Centre – Swanage

Food: The Centre will provide breakfast and dinner, and for the daytime a packed lunch will be provided. This will be the same as the packed lunch provided when they were on their October Residential. At this Centre students will need to bring a **drinks bottle** with them for the week.

There will also be opportunities during the day for students to stop and buy snacks at various cafes. In my experience of taking groups of teenagers away, they are always hungry and need more than just 3 meals day!

Itinerary

Monday: PM Lulworth Cove – High Energy Coastal System.

Tuesday: AM/PM Regeneration and Rebranding of Boscombe

Wednesday: AM Studland –Knoll Beach – Low Energy Coastal System – Sand Dune Succession. PM Swanage – Hard engineering – Coastal Management – Place Perception

Thursday: AM/PM Students will choose the location for their Geographical Investigation. Students will be put into small groups with other students who are working on similar titles. These groups will then be spending the day collecting data which they require to make their coursework successful.

Friday: Statistical / Data representation workshop. Depart 13:00/13:30pm

Each evening after dinner, students will be required to work on their studies, either collating and analysing results or preparing the field studies programme for the next day. Computers are provided at the centre. If students wish to bring a laptops, that's acceptable, but they will be responsible for them.

Suggested Kit

Day rucksack

Water Bottle

Notes/Paper/Pens/Pencils/ folders

Wash Kit – plus **towels**

A **waterproof coat** students will not be travelling if they can't show me this. It must be in their day ruck sack.

Sun Hat/Cap – Sun Cream

Wellington Boots/Walking shoes/Boots – Students may want them for the Sand Dunes Day/s – but trainers will be acceptable. However, make sure they have a spare pair as they may get wet!

No sliders or flip flops for the day – you may wear them at the centre.

Casual clothes - jeans/shorts/track suit bottoms /T-shirts (**no** strappy vest tops) sweatshirts/hoodies / shorts but respectable length

Please remember students will be speaking to/questioning members of the public so they need to look respectable. Students will also be outside all day from 10 – 5pm.

Emergency Contact: Mr Kneeshaw – 07968 530221 or Mr Armstrong – 07968 373231.

Please only use these numbers in an emergency and not to find out travel arrangements. Do not hesitate to contact me if you require any further information.

Yours faithfully

Mrs T O'Neill

Head of Geography
