

Northampton School for Boys

An independent Academy for the Town and County

LGR/SSN

21st September 2020

Dear Parent / Carer

It is coming to that time of year when we would normally be asking for volunteers for our annual Year 6 Open Evening, a night where we annually welcome over 2000 visitors to tour the school and see our students taking part in activities in subject areas. This is a valuable experience as both students and parents gain an insight into the scale of the school site and the impressive facilities.

Unfortunately this year, due to Covid-19, we need to restrict access as much as possible to NSB so we have taken the decision to cancel the Open Evening and instead create a range of online admissions resources, which will include a virtual tour. This tour will be filmed during the school day with additional archive footage from performances / sporting events and it will be available on the website after production is complete.

Although there is opportunity to indicate on the annual Parental Consent Form whether or not you agree to your child's image being involved in promotional materials for the school, not all forms have been returned yet. Therefore if you do not want your son/daughter to be included in any footage, please could you email me at lgreenaway@nsb.northants.sch.uk by 4pm, Wednesday 23rd September as we will begin filming in classrooms and around the school on Thursday of this week.

Kind Regards

Lindsay Greenaway
Assistant Head Equality and Diversity
