

31 January 2023

FOR PARENTS/CARERS of Y8 and 10 students at Northampton School *for Boys*

## **Advice for students on remote learning arrangements for 1<sup>st</sup> February 2023**

Following Mr Bernard's letter to all parents/carers regarding the impact of strike action by members of the National Education Union, I wanted to provide further details about the arrangements for remote learning on Wednesday 1<sup>st</sup> February.

### **What to expect if your child is in Y8 or 10**

All students will receive the equivalent of their normal timetable of 7 x 45min lessons across the day with a scheduled break at 10:30-10:50 and lunch between 13:05 and 14:05 – mirroring the school day at NSB. It is essential that students follow their normal timetable on Wednesday and check Microsoft Teams for live lessons in the first instance. There will not be a PD registration lesson in the morning – students should be ready to start their first lesson at 9am

All students can access Teams via the link on the VLE ([NSB Moodle \(mynsb.co.uk\)](https://mynsb.co.uk)) or by downloading the Teams app onto a phone or tablet device and logging in with their NSB username and password. Once they are logged in, students can expect to see pop-up invites to join each live lesson during the day – these will appear at the start of each timetabled lesson. All students have been instructed to ensure they can access Teams this evening and log-in to their account

Students have been directed to wait 5 minutes on Teams at the start of each lesson. If they have not received an invite to join their live lesson during that time, this may be due to several reasons

- a) The teacher may be on strike.
- b) The teacher may be absent for other reasons.

In the absence of a live lesson, students have been directed to access alternative work on the VLE via a dedicated remote learning page: [Course: Remote Learning - Weds 1st Feb \(mynsb.co.uk\)](https://mynsb.co.uk). Students can navigate to their timetabled subject and complete the tasks and resources that link directly to the curriculum and the current schemes of work. Some of these resources have been created by subject teachers whilst others have been taken from Oak National Academy, BBC Bitesize or similar resources to support structured study.

For context, the format and nature of alternative work in the absence of a live lesson will vary as teachers who are on strike will not prepare or set work for students on a strike day and non-striking teachers cannot be directed or compelled to set work or to cover in a striking teacher's absence. Additionally, the school will not be fully aware of which teachers are striking until Wednesday morning.

All students in Y8 and 10 have received an assembly to outline the expectations of remote learning on Wednesday and how to access their full curriculum during the day. If students were unable to attend the assembly for any reason, they can watch the recording here: [Course: Y8 and 10 Assembly \(mynsb.co.uk\)](https://mynsb.co.uk)

A reminder that the school will be open to students in Y8 and 10 who are vulnerable or who are the children of critical workers. National definitions of these two categories can be found via [this link](#) on pages 21-23. Please contact Deputy Headteacher, Mr Kneeshaw at the school if your son is in Year 8 or 10 and you feel that they fall into either of these categories - [mkneeshaw@nsb.northants.sch.uk](mailto:mkneeshaw@nsb.northants.sch.uk).

# Northampton School for Boys

*An independent Academy for the Town and County*

Parents/carers should also contact Mr Kneeshaw if your son has not got access to a suitable electronic device to be able to participate in remote learning at home.

## **Where to find further support on using Teams:**

All students have received additional training during their assembly and can access further support via the VLE. There is a 5-minute video that offers a range of information, including how to use Teams to access live lessons and engage in remote learning. Students must ensure they are familiar with using Teams and our expectations of online conduct. For any student who requires this short refresher course, the link can be found here: [Remote Learning Assembly: Teams Tutorial \(mynsb.co.uk\)](https://mynsb.co.uk)

Please contact me ([mrodger@nsb.northants.sch.uk](mailto:mrodger@nsb.northants.sch.uk)) if you have any questions in regard to the remote learning arrangements taking place on Wednesday.

In the event of any technical issues on the day please contact the school reception and you will be put through directly to the IT Technician team.

Yours sincerely

M. Rodger  
Assistant Headteacher
