WE AIM TO INSPIRE, MOTIVATE AND EXCITE!

Our aim is to ensure every student develops in confidence, builds meaningful friendships, and realises their creative potential.

We deliver an extensive Arts extra-curricular programme throughout the year, for all specialisms including Fine Art, Photography, Dance, Drama, Music and Theatre Technology, providing high-quality opportunities outside of the classroom.

Funding will help broaden opportunities for all students from all backgrounds. It will support student interest and development within the Arts, while nurturing excellence and give the opportunity to engage with elite organisations and professional level experiences.

Our students are able to compete with the very best in the UK.

OUR PROMISE

We will do our utmost to maintain and enhance the Arts provision offered to every pupil.
