

Parent / Carer – Help, Support & Resources

Click on the image to access the resources

The South Midlands Careers Hub Post 16 Booklets

If you just use one guide/ resource, these guides are good starting point and give you all the information you need to support your child:

Helping parents to talk about the future. Parents are the most influential force in a young person's career and education decision making. Talking Futures is a suite of resources to help parents have constructive careers and education conversations

Careerpilot Parent Zone

Careerpilot has two aspects – a student side and a parent side. This link takes you to the parent side which has advice for each step of the journey. In the questions section – there is a link to other useful websites.

Parentkind

Signposts a range of useful resources regarding careers and education

unifrog

Unifrog is a career platform enabling students to explore their educational and work ideas. There are guides, videos and events. NSB students have a unifrog account from year 7. As parents you are also able to have a unifrog account.

A great resource for students with a range of guides as well as skills training plus resources for students. Explains the options throughout secondary education and post 18

Gyrfa Cymru
Careers Wales

Whilst some of the advice is relevant to Wales, there are some useful guides on decision making, supporting choices etc. The student side is useful for students too.

National
Careers
Service

Search for a job idea and work out the steps to get there, as well other jobs within the same job family.

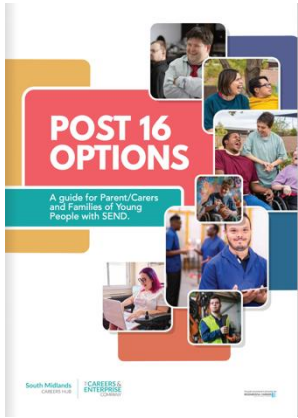

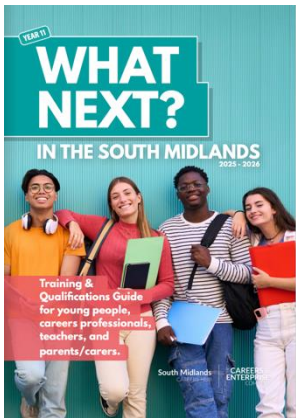

Any questions, please email
careers@nsb.northants.sch.uk
